MY INFINITE MOMENTS PHOTOGRAPHY

ABOUT ME

hello gorgeous!

Hello! My name is Shalon, I am a Western Washington Senior Photographer, located in the beautiful Chehalis area. I am a wife, mother of 2 young women, and a step-mom to 2 energetic boys. I specialize in Senior Portraits, and LOVE doing them! We have FUN!! I believe in building the teen's CONFIDENCE while unveiling their NATURAL BEAUTY for all to see. I know that choosing a senior photographer is a big deal and can be overwhelming. I offer an experience tailored just for you! Together we go over every detail, so you feel prepared rather than nervous or stressed. I want you to know I am not a volume photographer. In fact, I limit the number of clients I accept, so each senior gets my full attention. I value my clients and strive to make your experience as memorable as your senior pictures themselves. I am blessed to be able to give my personal best to each and every senior that crosses my path. I am grateful every time I am entrusted with another amazing senior's milestones and memories. I've been a photographer since 2013 and I can't imagine doing anything else! Enclosed is a lot of information about my Senior Experience and what to expect at your session. Please read it thoroughly, and ask any questions you may have. I can't wait to work with you!

Shalon

WHAT TO *expect*

After your booking, but before your session you can choose to have an optional in-person or zoom consultation. This is where we talk about what you envision for your senior portrait session – location ideas, hair and makeup looks, and everything in between so that you can feel prepared rather than stressed or nervous on the day of your photo shoot. I'll have you show me your outfits including shoes & accessories so we can make sure what you are envisioning all comes together!

Most high school students have never experienced a professional portrait session before their senior pictures so everybody feels a little nervous and awkward to start. You don't know where to put your hands, how to stand and that is normal. Don't worry – I'll walk you through it and even send you some information to help you prepare! My goal is to capture your style and personality, so the most important thing for you to do is just be yourself!☐

Day of your session we will be joined by a professional videographer who will put together a highlight video of your day, which is the perfect keepsake to help document your experience!

After your session, you can expect to see your images in about 3 weeks at your in-person Session Premiere & Ordering Appointment. Once you have selected your Portrait Collection, we'll design the products that are included and any additions you may choose.

Senior portrait sessions are exciting especially when you know what to expect! It makes it easier to relax and have a good time. I hope this guide helps you!

THE SESSION

More details....

Consultation & Payment

Upon booking your date, the session retainer fee & contract are due. Once you have a confirmed booking you may then book your consultation. Although it isn't mandatory for you to do this before your session, there are so many benefits. First of all, I love to get to know my clients by chatting with them before their session. This helps us establish our relationship and get to know one another which helps with the jitters you may be feeling.

Location

If you want something natural and rustic, start brainstorming local parks and natural areas. If you want something a little more casual, maybe a lake would be a good fit. If you want something more modern and urban there are lots of downtown areas to check out. Since time of day and weather drastically affects lighting, and there may be other people we need to work around, it's nice to have a location with several good features to choose from. The more variety we have to choose from in a small area, the easier and more fun your session will be!

Before the session

Be sure all clothes are clean and pressed. Be sure you have any props ready that you want to be photographed with. This is also the time to be careful of your sun exposure. Sunburns and tan lines are often very difficult to edit after the session, so be sure to wear lots of sunscreen and limit your time in the sun.

The session day

It's the day of your session! Pack up all of your outfits, shoes and accessories and meet at the designated meeting point, which will be decided during our pre-session consultation. Make sure to eat (hungry subjects aren't happy subjects) and drink lots of water. We will be shooting together for awhile through many outfit changes. I will help guide you through everything and show you poses and more. But the more ideas you have, the smoother the session goes. Don't be nervous! It is my time to make sure you are having the best experience possible and capture you and your personality. This is where we have so much fun, laugh and get the best photos possible. My videographer, Ryan, will also join us to capture your highlight video.

After the session

About 3 weeks after your session we will meet for your Session Premiere & Ordering Appointment. This is where I'll share with you all the amazing photographs we captured together. This is also when you will decide which Portrait Collection fits your family's needs. I do offer payment plans for my Portrait Collections. I want to make sure you are able to get all of the beautiful products you and your family love! The payment plan will be setup at your ordering appointment.

FAQ

When should I book my session?

Most students take their senior portraits in the summer/fall at the beginning of their senior year, but book as soon as possible because appointments fill up fast. Every school has a yearbook submission deadline. I recommend booking your session as soon as my calendar opens for sessions in July and August to make sure you beat yearbook deadlines.

Can I bring someone to my session?

YES, and I encourage it! Sometimes it's nice to have someone come along to make you laugh and carry your gear. I love when you have someone along for the fun!

What should I bring to my session?

This session is about you, so bring anything that shows off your personality and interests. Props could include athletic uniforms and equipment, musical instruments, cars and, yes, even pets. In addition to your outfit changes, we suggest lip gloss, a brush and hair spray for the ladies.

How do I pick a location?

First and foremost, it needs to be somewhere you love! High School Senior pictures are once in a lifetime. You want to choose somewhere that helps show your personality, your interests, and that may just be the love of the outdoors. Some ideas: lakes, rivers, open areas, fields, and downtown vibes are all just some ideas.

What if it rains?

This mostly pertains to my WA clients, but if rain is in the forecast we will watch the weather closely and may choose to reschedule.

Should I get professional hair and makeup done?

I highly recommend it! This is a time for you to pamper yourself, feel beautiful, and be ready to rock your session.

How long does it take to get my photos?

About 3 weeks after your session, we will meet for your Session Premiere & Ordering Appointment for me to share your gallery with you! At this time you will be able to pick a Portrait Collection. I have four and each of them contain varying products. I do offer payment plans for the purchase of my Portrait Collections.

THANK YOU

get in touch!

I hope this guide has helped to answer a few of the basic and most frequent questions you may have. I want to make your senior session experience is something you will look back on for years to come. At the end of the day, though, the location you choose and the outfits you select won't matter nearly as much as the timeless memories you make. Your future memories are the most important thing to me and I want your session to be a time for you to just be yourself and enjoy it! If you have any additional questions, please feel free to contact me directly. I am beyond excited for the opportunity to work with you!
